Major activities affecting case closing which are not reflected above, and matters pending, date of hearing or sale, and other action:

As of date of AMENDED TFR submitted to UST: 06/26/13: An additional check to the debtor was received upon the interim distribution in a chapter 11 case where the debtor had a proof of claim on file (Southern District of Florida, case #09-11191 Mercedes homes, Inc.). This amount was unexpected but will be administered in this amended TFR.

As of date TFR submitted to UST: 01/17/2013: According to pleadings on file, the Trustee summarizes that the Debtor was a supplier/installer of home building supplies. Based on loss of business, competition, increased costs and unfavorable collection terms coupled with general economic circumstances and large amounts owed the State Comptroller, the business operations were shut down and a Chapter 11 bankruptcy was filed in order to orderly pay the creditors (Comptroller in particular). However, no plan was able to be confirmed and thus the conversion to Chapter 7. Upon conversion, the assets to administer were the remaining DIP account and any post conversion checks received by the Trustee. All other assets were either surrendered during the chapter 11 or are deemed uncollectable (A/R). No physical assets of the business remained to be liquidated. A Notice of Abandonment and Order were granted with regard to a storage unit with miscellaneous assets. Trustee also investigated A/R, bank statements for preferences, but no further assets from these sources. There is not expected to be a return past Chapter 11 administrative expenses in this case. Due to this, no claims objections for secured/priority/unsecured levels were filed since funds would not completely pay at the Chapter 11 administrative level.

Required final return: Accountant for Trustee: Sheldon Levy
